

CHAPTER V

CONCLUSION AND SUGGESTION

5.1. Conclusion

From the explanations in the previous chapters, the writer concluded that the writer used three steps to designing video script about Rumah Ong Boentjit. This steps is written by Sukmadinata (2005) cited Abdurahim (2011). The steps are preliminary study, model development and final product testing. In preliminary study, there are three section such as literature study, field survey and product draft design. For literature study, the writer was read some journal about video, script and Rumah Ong Boentjit. After that the writer came to Rumah Ong Boentjit to observation for collected the data and looked the condition of the Rumah Ong Boentjit. After the data complete, the writer made the first draft. The second step is model development. In this step the writer did two testing there are limited testing and wider testing. In limited testing the writer given the product to four experts there are expert in content, expert in English, expert in Indonesian and expert in video editing. After revision, the writer did wider testing to develop the product. In wider the writer focus on English script and video so the writer given the draft to three expert there are expert in English, expert in video editing and expert in script. The last step is final product testing and dissemination. Unfortunately, the writer did not do this steps because of the lack time, fund and legality.

5.2. Suggestion

Based on this report, the writer suggest to the future researcher to improve this research better, study more sources, references and better preparations related to research, and also the writer suggest to goverment to give more attention to Rumah Ong Boentjit, support the owner of Rumah Ong Boentjit by give facilities to make Rumah Ong Boentjit easier to visit by the tourists.
