

## **CHAPTER V**

### **CONCLUSION AND SUGGESTION**

#### **5.1. Conclusion**

There were 4 elements to design the booklet, they were: Line, shape, size, and color. For the steps in designing booklet the writer used methodology of Research and Development by Sukmadinata (2005). The stages were preliminary study, model development and final product testing.

In the first stage, the writer found information about booklet from some journals as the content of booklet and the writer also found some information about Celosia Spring Hill flower garden. Then, the writer designed the first draft of scrip.

Next, in the second stage the writer did limited testing to make the product developed. The writer asked for comments and suggestions from the experts of the booklet design, linguistic, and content.

In the last step, the writer did wider testing to make final product. The writer asked for comment and suggestion from Mr. Mr. Adi Sutrisman S.Kom., M.Kom. as a booklet design, Mr. Beni Wijaya, S.Pd., M.Pd. as a English aspect, and Mr. Muhammad Efandi, SE, MM as a content aspect.

#### **5.2 Suggestion**

Based on the result of Designing a Booklet of Celosia Spring Hill flower garden to promote Palembang Tourism Destination that has be done, the writer would like to give some suggestion. The first suggestion is the writer recommends the next similar research to do dissemination because community both local and foreigners need to know more information about Celosia Spring Hill flower garden. The second is the writer recommends to the further and deeper research in this area. This recent research is meant as a first stone to move to better and move comprehensive one.
