

## **CHAPTER V**

### **CONCLUSION AND SUGGESTION**

#### **5.1 Conclusion**

This blog, entitled “Midang as a tourism culture in Kayuagung” can be used as a medium for promoting regional cultural tourism, especially in Kayuagung. This helps tourists in getting information about regional cultural tourism. The blog can be accessed at <http://tourismculturekayuagung.com/>. In making the blog, the writer uses the Research and Development (R&D) method which consists of three stages, namely preliminary study, model development and final product testing. The blog contains knowledge about the midang such as definition, unique facts, and the history of the midang. In model development the writer has already done limited testing and wider testing. In limited testing the writer asked some experts such as content, english and indonesia language, design in the blog. After revised some mistakes based on the experts comments and suggestion in limited testing, the writer asked the other experts content and expert design on the blog in wider testing. The writer following the experts suggestion to improve in the blog. And the writer got the perfect script content and blog design.

#### **5.2 Suggestion**

The are suggestions in this final report,the writer suggests to the Government, especially to the Regent of Ogan Komering Ilir Regency, that this culture and tradition continue to be preserved because this midang is one of the cultural tourism heritages and as a valuable one so as not to be lost. And the writer suggests to all residents of Kayuagung that knowing about the cultural heritage in our cities is very important. So, we can promote it to tourists. The writer suggests other researchers to design a blog with more complete information about various other unique cultural tourism in Kayuagung.
