

## **CHAPTER V**

### **CONCLUSION AND SUGGESTION**

#### **5.1 Conclusion**

The writer concludes that the Lake Kongar has the potential to be one of tourism destination ( attraction, accessibility, amenities, and accommodation). The Lake Kongar has attractions that could be enjoyed the tourists although the attractions were still lacking. The attraction such as a flower garden which is equipped with photo spots that are very interesting for visitors. Around the park, there is also a place to eat in a very exotic hut overlooking the Kongar lake. An attraction that is very popular with visitors is the children's pool, this pool is an option for children besides swimming in Kongar Lake. Gayuh duck boat, hanging bicycle tour, and the most interesting thing is the typical Muba Tongkang boat. And can take photos at this interesting Lake Kongar. For the accessibility, the Lake Kongar was the transportation used to get private transportation like cars and motorcycles. For the amenities, The Lake Kongar has five facilities that could be enjoy by tourist such as Food court, toilets, trash bins, musholla, parking area for motorcycles and cars. For accommodation, tourists want to stay in Ranggonang Hotel Sekayu, But in this Kongar lake destination there is no hotel or lodging accommodation that is close enough to reach, you have to pass through Sekayu City.

#### **5.2 Suggestion**

Based on the result of observation and interview that have been made, the writer gives some suggestion to government that make Lake Kongar more potential as a tourism destination as follows:

1. Management of Lake Kongar should be more active in updating developments and activities in Lake Kongar from social media.
2. Parking lots that must be prepared specifically to be more organized and well maintained.
