

## **CHAPTER V**

### **CONCLUSION AND SUGGESTION**

This chapter presents the conclusion and suggestion of this final report.

#### **5.1 Conclusion**

The booklet of Tanjung Pering Garden with the information details Tanjung Pering Garden is designed to promote Tanjung Pering Garden, as a new destination in Ogan Ilir. In designing the booklet, two stages of the research and development method, namely preliminary study and development of the product is employed. This booklet has 21 pages in A5 with Indonesian and English text. In the process of designing a booklet, information, knowledge, and opinions are required. The information about Tanjung Pering Garden and the writing skill is used to write the text of the booklet. Furthermore, the information about how to make a booklet and designing skills of using the software applications, namely Canva are used to design the booklet. To develop this product, the writer needs some comments and suggestions from the experts in content, language (English and Indonesian), and design. The booklet of Tanjung Pering Garden is expected to be a media to promote Tanjung Pering Garden.

#### **5.2 Suggestion**

The writer recommends that the next researchers to developed this booklet by adding more information about facilities that are said to be coming soon, which are currently still in the process of being available, namely the canteen. Then hopefully in the future, it can be distributed in the form of e-booklets to social media in order to keep up with the times and be able to more easily disseminate information. And also it is hoped that the next writer may find more related experts in the booklet design, and continue the testing step and dissemination
