

CHAPTER V

CONSLUSION AND SUGGESTION

5.1. Conclusions

Writing a Blog Script entitled "Batik Kujur as Typical Batik of Tanjung Enim" can be used as a medium for promoting regional cultural diversity, especially in Tanjung Enim. This helps people get information about cultural diversity especially traditional cloth Batik Kujur from Tanjung Enim. The Blog Script can be accessed at (<https://kujurtanjungenim.blogspot.com/>).

In writing a blog script, the writer used the Research and Development (R&D) method, which consists of three stages: a preliminary study, model development, and final product testing. The Blog script contains information about Batik Kujur, such as history, motifs, the uniqueness of motifs, and the production process of Batik Kujur.

5.2. Suggestions

The followings are suggestions in this final report.

1. The writer suggests future researches write a blog script with more complete information about Batik Kujur
2. The writer suggests future researches to upgrade the Blog from free to premium because of many unavailable features in a free blog
