ABSTRACT

THE STUDY OF HYMES 'SPEAKING' FACTORS IN THE WEDDING SPEECHES: A CASE OF INDONESIAN AND SINGAPOREAN WEDDINGS

(Robi'ah Al Adawiyah, 2014, 34Pages, 4 Tables)

The purpose of this final report is to find out the occurrence of speech events in the study of hymes 'speaking' factors in the wedding speeches: a case of indonesian and singaporean weddings. The writer used qualitative method and the object of research was video of wedding ceremony. The writer collected the data by downloaded the selected video of wedding speech from the internet. The writer watched and listened the selected video from the beginning to the end. Then, the writer read the transcribed, found Hymes' Speaking model, classified,calculated, and interpreted the data. Based on the Findings, the writergot the results that there weresome speaking factors affecting each speech event which are in line with Hymes' (1974) SPEAKINGmodel.The results of the study showed that some typical speech events, due to the situational andcontextual context of language, were more frequently than others; in the sample, the most recurring event in a speech of thanks and hopes for their wedding in the future was found to be confiding all big family and all people they beloved in order to feel also the happiness from their wedding.

Keywords: *Speech, speech events, speech situation, Hymes' SPEAKING Model, Wedding Speech, ethnography of communication*
