

CHAPTER V

CONCLUSION AND SUGGESTION

This chapter describes the conclusions and suggestions of the final report.

5.1 Conclusion

The booklet can be the information and knowledge for tourists who want to know about Rivera Park because the content that provided by the booklet contains the information about Villa Masin Waterfall, such as the location of Villa Masin Waterfall, the history of Villa Masin Waterfall, Various kinds of attractions available at Villa Masin Waterfall.

Booklets

The form of a practical and attractive booklet will make it easier people know information. (Septiwiharti, 2015). Booklets that are shaped like books have several principles in its manufacture, this was stated by Aqib (203:52): Visible, namely loading content that is easy to see, Interesting, Simple, Useful (which is useful as a source of educational knowledge), Accurate (true and on target), Legitimate (that is valid and reasonable), Structured (which is well arranged and coherent).

In the product testing stage, the content draft is printed and given to experts for obtaining to get comments and suggestions. After getting comments and suggestions, the author carry out revisions based on instructions from experts and create the final product.

5.2 Suggestion

Based on the research of writing a booklet of Villa Masin Waterfall as tourism object in Mendah, Oku Timur that has been done, the writer would like to give some suggestions. My suggestion is that the village of Mendah can carry out the

construction and repair of the road leading to the Villa Masin Waterfall tour, so that visitors can more easily and quickly reach the location.
