

CHAPTER V

CONCLUSION AND SUGGESTION

This chapter explains about the conclusion and suggestion of the final report.

5.1 Conclusion

This study used the method of research development and found out information through interview about writing process and the content of the novelette. There were five steps in writing novelette entitled “7227 Seconds To be With You”. The first step is looking for the story ideas and the information about Ampera and tourist attraction. The second step is creating a story frame or outline that contains the characters/characterizations, setting, plot and point of view. The third step is developing a story frame or outline. The last step is revising or doing limited and wider testing. In writing a novelette, the writer considered these elements: Prologue, Plot, Characters and Conflict. These elements helped the writer to analyze and organize the content of novelette easily. The three experts approved that the novelette is publishable. The novelette written in English and can be read by people from all over the world.

5.2 Suggestion

In this section, the writer would like to give some suggestions for writers of literary works and other researchers based on research findings and discussions. It is suggested to writers of novels, novellas and novelettes to be more creative and innovative in choosing topics and developing ideas about their writing. Writers can find development ideas to arouse the interest of readers of literary works, especially novelettes.
