

## **CHAPTER V**

### **CONCLUSIONS AND SUGGESTIONS**

In this chapter, the writer presents the conclusions and suggestions based on the result of my experiment project.

#### **5.1 Conclusions**

Based on the discussion in the previous chapter, the writer concludes about the experiment of purple sweet potato addition in making pizza dough. First, purple sweet potato can be as additional ingredient since it has influence toward its texture, taste, aroma and the look or appearance. Second, because of nutrient content of purple sweet potato, the purple sweet potato mini pizza can be one of alternative healthy food. Finally, purple sweet potato can also be one of new variants of pizza.

#### **5.2 Suggestions**

Based on conclusion above the writer has suggestions as the following:

- It needs further experiment in relation to the topping since the writer applied regular toppings.
- It needs further experiment and innovation to create new variant of food and support pastry teaching material.
- It needs widely access for English Department students to conduct experiment in Food and Beverage Laboratory English Department state Polytechnic of Sriwijaya.
