

CHAPTER V

CONCLUSION AND SUGGESTION

5.1 Conclusions

The writer concludes based on the result of questionnaires and interviews about tourism development in Palembang that result of Society Perceptions at Jakabaring Sport City, Kuto Besak Fort, KI Park, and OPI Lake that there are agreed (64, 5%), disagreed (35, 5 %) . Tourism attractions in the Palembang City are very concerned about security, and comfortable. It has been increased and development so that is very beneficial for the society or visitors such as something to do, something to buy, and others.

5.2 Suggestions

1. The government should pay more attention to the cleaning of the tourism object, and increase the number of public facilities such as toilet, mosque, and facilitating to access public transportation to get there.
2. The government is scaling up the promotion of tourism development, so that the international event is always held on the tourism object and attraction in Palembang City.
