

## **CHAPTER V**

### **CONCLUSION AND SUGGESTION**

#### **5.1 Conclusion**

Lematang Indah Waterfall does not have the potency to be one of tourism destinations in Pagar Alam because it just fulfilled some of five elements of tourism as tourism object or destination including attraction (activities), hospitality, transportation (accessibility), infrastructure and facilities. The attraction is Lematang Indah Waterfall. The location is strategic, because in the edges of the street in Pagar Alam, that is exactly connected to Pagar Alam and Lahat regency. To go to this place the visitors can take the access via public transportation or private car. Lematang Indah Waterfall has a parking area, garbage box, electricity, three restrooms, three bathrooms, one mosque and fifteen stalls. But, there are so many facilities that inadequate and all of those can't make the tourist comfortable while enjoying the Lematang Indah Waterfall.

#### **5.2 Suggestion**

The writer gives some suggestions to the government of South Sumatera province and Tourism Department to promote Lematang Indah Waterfall as a tourism object as follows :

1. Lematang Indah Waterfall should be guarded and preserved. Because the panorama in Lematang Indah Waterfall is very beautiful.
2. The Government of South Sumatera and Pagar Alam should increase the promotion for the tourists.
3. The Governor of South Sumatera should give budget to Pagar Alam government to maintain the Lematang Indah Waterfall to make it more comfortable.

4. The Government of Pagar Alam should be good facilities such as parking area which has high security and other facilities to make tourist enjoy the fresh air in Lematang Indah Waterfall.
