

CHAPTER V

CONCLUSIONS AND SUGGESTIONS

In this chapter, the writer presents the conclusions and suggestions based on the result of her experiment project.

5.1 Conclusions

Based on the discussion in the previous chapter, the writer concludes her the experiment of spinach addition to pizza dough. First, spinach can be as additional ingredient since it influenced its texture, taste, aroma, flavor and the appearance. Second, spinach can be alternative addition to the pizza dough. Finally, spinach can also be one of new variants of pizza.

5.2 Suggestions

Based on conclusion above the writer has suggestion as follows:

- ✚ It is advisable that further experiment and innovation about spinach pizza with trained respondents relating the sensory perception.
- ✚ It is advisable that attention to the process of making, such as stirring technique by using a mixer machine. Should be given it require appropriate techniques, such as a consistency of handling a mixer rotation.
- ✚ It requires further experiment in relation to the topping since the writer applied regular toppings with little spinach.
