## **ABSTRACT**

### **DESIGNING THE BOOKLET OF AL-QUR'AN AL-AKBAR MUSEUM**

---

**(FITRI ANI, 2016, 49 pages, 41 pictures, 1 diagram)**

The purpose of this study is to design the booklet of Al-Qur'an Al-Akbar Museum. The Research and Development Modification method by Sukmadinata et. al (2005) was used to design the booklet. The Research and Development Modification consists of preliminary study, model development and final product testing step. In preliminary study, the booklet draft was design based on the literature study, interview and observation about Al-Qur'an Al-Akbar Museum and booklet design. In model development, the booklet draft was developed by the comments of some experts in limited and wider testing. The experts were commented on the content of the booklet draft, including adding, paraphrasing, organizing and completing the information included in the booklet draft. In final product testing, the revised booklet draft was checked by two experts in terms of booklet design (background, color, fonts) and information about Al-Qur'an Al-Akbar museum. The valuable comments from the experts helped the writer to design the final booklet entitled "Al-Qur'an Al-Akbar Museum". The booklet is expected to provide information about Al-Qur'an Al-Akbar Museum.
