

CHAPTER V

CONCLUSION AND SUGGESTION

5.1 Conclusion

Based on the results of the data that writer got from observation, interview, and documentation about Pencak Silat as tourism attraction in Palembang city which the writer described in previous chapter, the writer gave conclusion that Pencak Silat fulfill all the prerequisite of tourism attraction and have enough potency to be tourism attraction in Palembang city.

1. Pencak Silat Palembang in this case POPSRI can display an attractive attraction from their outfits and their performance in arts and fighting coreography that can attract tourist.
2. POPSRI has a valuable history in their former and their taught of martial arts that related to Kesultanan Palembang Darusalam that cannot be found in anywhere else but Palembang which can be high value to promote it to the tourist.
3. POPSRI that represent the native and oldest Pencak Silat organization in Palembang city can be tourism attraction because it represent and can be promotion media of Palembang's traditional clothes from their outfits and Kesultanan Palembang Darusalam history through their arts and taught.

5.2 Suggestions

Some of suggestions that writer can give based on the result of this final report are:

1. The writer expected that society of Palembang city can participate to promote Pencak Silat Palembang as tourism attraction because this arts has a a rich culture and history which have a high value to present to the tourist
2. For the Tourism Division Ministry of South Sumatera and POPSRI, the writer expected that they collaborate and work together more often in tourism event to create more spectacular tourism attraction in Palembang city.
