The drawing illustrates a road profile with two distinct vertical curves. The left curve spans from station 650+00 to 669+00, featuring a sag point at ZV7 (station 657+00) and a tangent point at PTV7 (station 658+00). The right curve spans from station 667+00 to 686+00, with a sag point at ZV8 (station 674+00) and a tangent point at PTV8 (station 675+00). Both curves are defined by grades of -3% and +2%. The profile includes detailed elevation data for key points and a grid background for scale.

Elevasi Tanah Asli	650.58	661.954	672.806	688.043
Elevasi Rencana	661.381	665.111	672.216	679.083
STA	10+600	10+700	10+800	10+900
