

CHAPTER V

CONCLUSION AND SUGGESTION

1.1 CONCLUSIONS

Indonesia has many cultures that can be used as a tourism attraction, one of them is traditional games. The traditional game is the result of cultural excavation. The writer recommended nine traditional games which are suitable for tourism attraction and four places can be used to play the traditional games. Based on the result of questionnaires that was chosen by respondents. There are five games with highest score. Those are cak ingkling 94% who chose agree, enggrang 92 % who chose agree, lompat tali 92% who chose agree, congklak 90% who chose agree and pantak lele 90% who chose agree. For the places, there are two places that have chosen by the respondents. Those are Kuto Besak fortress 96% who chose agree and Kambang Iwak 88% who chose agree.

1.2 SUGGESTION

Based on the results of the report, the writer suggests for all Palembang people especially for government to keep and preserve the traditional games as a tourism attraction in Palembang because the traditional games is cultural excavation that have potency to become tourism attraction in Palembang. For the government, they should develop and promote the traditional games so that people will know, not only for Palembang but also for all of people.
