

TUJUH KENANGAN

Tujuh kenangan waterfall is located in Talang Tinggi sub district of Dempo Makmur, district of Pagaralam Utara. This waterfall is only 8 km away from downtown. Tourists must hike a little in order to get there but never mind it, since you will walk through coffee plantation which create totally green nature atmosphere is called Tujuh Kenangan due to the shape of waterfall shape seventh stage of stone. The high waterfall it self is about 40 meters above the land and surround green trees.

The challenges that will confront us to arrive there are very interesting. After we arrived at the place of bought tickets, Rangers will provide information of the road to walk there. We will climb some stairs and enjoy the small garden before we enter the coffee plantations. On the garden, we will enjoy the beauty of nature and sometimes we would meet with coffee farmers who are picking their coffee. After passing through the coffee garden, we will down the path is very steep. There we should carefully if it can use the shoes do not use sandals, because the path is dangerous. However, we should not be afraid to through it. After going down the steep path, we will hear the voice of the new flow of water around the us. Do not need to worry of being disappointed, from the first time you get the there will only be the feeling of joy, relaxing and playing with refreshing waterfall.
