

CHAPTER V

CONCLUSIONS AND SUGGESTIONS

2.6 CONCLUSION

Based on the explanation described by the author in the previous chapter, based on the five elements of tourism that is accommodation, catering and restaurant, transportation, tourism attractions and travel bureau can be concluded that fishing tourism in BK 09 Belitang is one part of world tourism that has many benefits for the community around the tourist area. In addition to increasing public revenues, fishing tours also have the potential to be developed into local tourism so that local people BK 9 Belitang do not need to go out of town to tour in the form of fishing tours.

2.7 SUGGESTIONS

The writer suggests to all people who are concerned with Fishing tourism

1. The writer suggests to the government especially for the Regent of Belitang subdistrict, to keep this fishing tourism and perform every year and preserve this tourism as one of the local tourism.
2. The writer suggests to all the citizen in Belitang especially BK 09 that to know about this local tourism in our region is important. So we can promote it to the tourists.
3. For the institution that relates with the promotion is to make a book to give the source of information to the tourists and for the citizen. So, it can help the tourists and the citizens.
