

CHAPTER V

CONCLUSIONS AND SUGGESTIONS

5.1 Conclusion

Based on the findings on chapter four, the writer concludes that Kiai Muara Ogan Mosque has potencies as Pilgirmage place in Palembang. Kiai Marogan Mosque already had five elements needed for a tourism destination. First, as the tourism destination, Kiai Marogan has attraction, for example tourist go to tomb of Kiai Maroga to celebrate the birth of Kiai Marogan. Secondly, the facilities are available in Kiai Marogan are toilet, ablution place, parking lot, garbage box, sitting area. Third, the road infrastructure towards Kiai Marogan Mosque is smooth. It has been asphalt. Fourth, the accessibility to Kiai Marogan Mosque is passed by private car and also public transportation. Because the location easy to reach. And there is Semeru hotel and restaurant such as tiga saudara.

The government should complete and increase the standard of facilities. Although the government should renovate and provide what the tourist needs especially in five elements.

5.2 Suggestion

The writer gives some suggestions to the government to promote Kiai Muara ogan Mosque in Palembang. The government must have a coorpration with the local communities especially traditional leaders to make a booklet and broshure. The government should improve and provide attraction, facilities, infrastructure, transportations and hospitality industry in Kiai Marogan Mosque. In addition, the government supports the development of Kiai Muara Ogan Mosque as tourism destination so Palembang has much advantages such as local revenue. And the local people amd government of Palembang should cooperate to complete the weaknesses of tourism destinations elements and preserve them. The government can make an event or the competition in Kiai Muara Ogan Mosque to attract the tourist.
