

## **CHAPTER V**

### **CONCLUSION AND SUGGESTION**

In this chapter, the writer presents about conclusion and suggestion.

#### **5.1 Conclusion**

Based on the explanation on chapter four, the writer concludes that Jakabaring Sport City has potential as a sport tourism attraction because it already has four supporting factors for tourism except transportation. The first is the attraction, attraction in Jakabaring has often held, such as government events, local, national and international. Secondly, the facilities for sport tourist attraction are adequate, namely the existence of sports venues, athletes village, dining hall, laundry and also close to the shopping center Lippo Plaza Jakabaring. Third, the existing infrastructures in Jakabaring Sport City is very adequate such as, dining hall, park and for sports venue that already in international standards. Fourth, transportation to reach Jakabaring are public transport Transmusi, Bluebird, Gojek Online, Grab Online, private vehicle such as cars and motorcycles and also special on August 2018 for Asian Games 2018 the athletes and the officials can use Light Rail Transit (LRT) from airport Sultan Mahmud Badarudin II directly to Jakabaring Sport City but there is still a shortage of transport in the area Jakabaring Sport City from venue to another venue because of the golf cart and the bus can only be used for the athletes and cannot be used for visitors. Fifth, hospitality in Jakabaring Sport City is very good because the security guards who were there very friendly, and also the level of security is very good, because every venue is guarded by a security guard even when the event is government, local, national and international also involving the police and military to maintain the security of Jakabaring Sport City.

#### **5.2 Suggestion**

The writer would like to give some suggestion to Jakabaring Sport City management staffs that they should increase the need for transportation in the area Jakabaring Sport City.

It is not only for visitors not only for athletes, such as using golf cart and bus to get to the sports venues to increase the attractiveness of visitors to come to the Jakabaring Sport City and Jakabaring Sport City will get more income. Next, they should complete the data carefully and appropriately for the event annually held in Jakabaring Sport City so that researchers obtain accurate data.
