

CHAPTER V

CONCLUSION AND SUGGESTION

5.1 Conclusion

For this final report the writer concludes that the Jacobson Van Den Berg old building has done development by government. In developing this old Jacobson Van Den Berg building, several efforts have been carried out by the government. Doing renovation is the most significant efforts in developing this building as a tourism object, to beautify the appearance that used to look very unattractive is now interesting. Overall cleaning done by the government in collaboration with the heritage community makes this building look clean. Establish as one part of the Sekanak Kerihin area or integrated tourism center in the Sekanak area. Establish as one of the cultural heritage located in the city of Palembang. To bring in a lot of tourist, the government strives to always hold festivals and events held in this building. In developing the old Jacobson Van Den Berg building, of course, the government cannot work on its own, so the government cooperates with the private sector and the heritage community to be able to introduce this building to the wider community as one of the most popular tourism object. Those efforts are interrelated each other and it makes the Jacobson Van Den Berg old building as a tourism object heritage in Palembang.

5.2 Suggestion

The writer gives some suggestions for the government efforts in developing Jacobson Van Den Berg old building as a tourism object heritage as follows :

1. The government should always be consistent with what has been done so that the efforts are not in vain.
2. The government should cooperate with related parties is not only temporary but sustainable.
