

CHAPTER V

CONCLUSION AND SUGGESTION

5.1 Conclusion

From the explanation on the previous chapters, the researcher made the innovation of new variants of Bolu Suri through the use of banana and corn. Traditional food of Bolu Suri was added banana and corn by researcher because the nutrition of banana and corn can be used to develop Bolu Suri, and it can be alternative of new variants of Bolu Suri as one of traditional food from Palembang. Moreover, the innovation of new variants of Bolu Suri through the use of banana and corn were successful based on the result of interviewed with interviewees.

5.2 Suggestion

The researcher suggests the innovation of new variants of Bolu Suri through the use of banana and corn could be the alternative by seller of Bolu Suri. Then, the seller of Bolu Suri should make the Bolu Suri with the medium size in order to attract the attention of buyers and want to try the Bolu Suri.
