

## CHAPTER V

### CONCLUSION AND SUGGESTION

#### 5.1 CONCLUSION

The process of designing a script of vlog started from preliminary study included literature study such as journal ,book, and internet. Then the writer interviewed one of chefs in the Excelton Hotel and also observed in *Mbok war restaurant* to take documentation about sambals. Next, the writer wrote a script. There were 4 pages consisting of 999 words in the script. The writer also took a vlog how to make sambal based on the script and edited the vlog with using filmora 9 application.

In the model development, the writer asked the linguists, user of youtube, user of design, and also the user of script. Then the user re-checked the narration. When the script is ready it is going to be used in the vlog of traditional sambal of South Sumatera. Finally, While in the wider field testing, the writer also asked the suggestions from respondents for the videographer and chairman of *komunitas youtube palembang*. For the final product, the writer uploaded and showed the vlog to the public in youtube channel.

#### 5.2 SUGGESTION

The writer has some suggestions for the viewers, who interested in traditional food especially in South Sumatera. Also, the writer has suggestion to viewer and government.

1. For the viewers

The writer suggests to watch the vlog of traditional sambal in South Sumatera first which consist of the ingredients, the steps or instruction itself before making sambal. So, the vlog of sambal can be the guidance to make sambals.

2. For the government

The writer suggests to the government to make blog or youtube about some traditional sambals from South Sumatera. it is going

to introduce and keep the unique of traditional sambals to next generation.
