

CHAPTER V

CONCLUSION AND SUGGESTION

This chapter presents the conclusion and suggestion of this final report.

5.1 Conclusion

Based on the explanation on the previous chapter, the writer concludes that in designing this recipe book of spinach cupcake, The writer used Research and Development method by Sukmadinata (2005). there are three steps of Research and Development used by the writer to get good result of designing this recipe book: 1. Preliminary Study: a. Literature Study was conducted by reading a book, e-journals and articles b. Field Survey was conducted by observation to the data to the book store and looking for the design used in many recipe book c. Model Draft was done after getting all the information from literature study and field survey. The writer applied the steps of designing recipe book using Canva. There is a tool for designing this recipe book such as computer or laptop 2. Model Development: a. Limited Testing, the experts gave correction about the language, and design. b. Wider Testing, the revised model draft was checked by five experts 3. Final Product Product Testing, the revised monopoly paper game in limited and wider testing was commented by a design expert.

5.2 Suggestion

The writer give advice to the next researcher to design a recipe book about another innovation of spinach cupcake. So that she/he can write information about another recipe that can be made by all the reader. The next researcher is suggested to design a video about how to make the recipe.

The writer gives suggestion to the reader and food seller to try and sell this product of spinach cupcake by doing the instruction from this book in order to start consuming healthy snack that still limited sold around us.
