

## CHAPTER V

### CONCLUSION AND SUGGESTION

#### 5.1 Conclusion

Sekanak River has potency as a new tourism object. The potencies Sekanak River that already gain attention from visitors and sightseeing panorama of rainbow hall and bradge in Sekanak River. Then, attraction such as take some photos, and riding a boat . Sekanak River that also have public facilities like parking area, canteen, praying area, and trash bin. Sekanak River also provides good accessibility and infrastructure toward destination to make visitors easy to get to the location, approach by riding private transportation or public transportation. Provide basic infrastructure like road make well impact access road to reach the destination easily and also there are one lodging and restaurants near the location which can support tourism. Although there are problems like still lack of cleanliness, also facilities and attraction that should be more added in Sekanak River, so far the government continously trying to add facilities and attraction in Sekanak River to make the visitors more interesting and comfortable for come to this destination.

#### 5.2 Suggestion

Based on the result of The Potency of Sekanak River as New Tourism Object in Palembang, the writer would like to give some suggestion as follows:

1. For the Government that can accelerate the construction the facilities like toilets , some seating seat for the visitors leading to Sekanak River because the more facilities is carried out, the easier it is for visitors come to Sekanak River. And also can add more attractions that visitors can do while on Sekanak River beside take a photos or riding the boat. And then
2. For the management of Sekanak River and also for the visitors can pay more attention to the cleanliness of Sekanak River by adding more trash bins so that visitors can dispose of their trash in its place.t And also the management of Sekanak River can increase the security in the parking area to make the visitors feel more secure when they do the tour.
