

CHAPTER V

CONCLUSION AND SUGGESTION

In this chapter, the writer presents the conclusion and suggestions related to designing necklace using Ampera Bridge as pendant motif design for souvenir that was created by the writer.

5.1. Conclusion

Based on the explanation in the previous chapters, the writer concluded that there were some steps in designing necklace using Ampera Bridge as pendant motif design for souvenir. The writer used Research and Development method by Sukmadinata. There are three steps : preliminary study, model development, and final product testing. In here the writer did not use final product testing. In the process of designing the necklace, the writer needs some knowledge, skill, and some opinion from expert and respondent. The writer also need some smartphone applications such as Ibis Paint X, Picsart, Adobe Lightroom, and Phonto. In developing the model draft, the writer asked for comments and suggestions from respondent to improve the necklace. Finally, the writer made the final product of the necklace that using Ampera Bridge illustration as pendant motif that can enrich the variation of typical souvenir from Palembang.

5.2. Suggestion

The writer suggests that this final report and the necklace can be developed by other students especially from English Department. Second, for the souvenir entrepreneur, it is good if there are many new creation of typical souvenir from Palembang, in order to increase the variety of souvenirs that can be offered to visitors.
