

CHAPTER V

CONCLUSIONS AND SUGGESTIONS

5.1 Conclusion

Bukit Besak is one of nature tourism in Lahat Regency. Unfortunately, in this era many people of Lahat Regency do not know well about Bukit Besak. Although there have been many promotion media, but the effort is less effective. It is initiative to promote Bukit Besak to desire a good video. It is necessary to write a script and subtitle to be applied in the video then promote it through electronic media like videos on YouTube, Facebook and Instagram.

5.2 Suggestion

This product does not complete yet because of the lack of fund, time, and legality, the writer did not do the last step of research and development namely; dissemination. For the future research, the writer suggests to conduct dissemination. The writer also suggests to the student of English Department at State Polytechnic of Sriwijaya to write a script and a subtitle and promote other nature tourisms in South Sumatera generally, Lahat Regency especially.
